ANTI SUFFS LOSE IN TENNESSEE

Nashville, Tenn., Aug. 21.—Anti-suffragists lost in the House today when they tried to force an adjournment until Monday. The vote was 47 to 49 and shows that the suffragists have retained their strength.

The House then voted to adjourn until tomorrow at 10 o'clock on motion of Representative Raddick, a suffrage supporter.

"We will bring up suffrage today and settle it." said Raddick. "The antis wanted delay."

Speaker Walker did not bring up his motion for reconsideration of the suffrage resolution, as he was expected to do. Suffragists took this as a tactic admission from him that he has not been able to add to the strength of his faction.

Walker had two legislative days in which to bring up his motion under the rules. His time expired when the House adjourned today. The motion to reconsider may now be brought up by any member of the House. It no longer is the exclusive privilege of Walker.

Suffrage leaders declared they will move to table the motion to reconsider when the House meets today.

They said they will win by the same vote, 47 to 49, as they have previously had, and that the matter will be settled.

A tremendous cheer broke out when suffragists saw their ranks had remained unbroken since Wednesday. Several hundred women in the galleries rose and sang, "America."

The tenseness of the House was demonstrated when Representative Hall made the motion to adjourn until Monday. A score of Representatives were immediately on their feet, demanding recognition and shouting "roll call."

Speaker Walker finally restored order and the motion was defeated.

The motion to adjourn until tomorrow morning, made by Representative Raddick, was carried by a viva voce vote.

Suffrage leaders declared the antis had been unable to change votes and wanted more time. They charged also that it was hoped Representatives from some of the outlying districts who would go home might not be back when Monday's session opened.

"The opposition has been completely routed," said Representative James Hanover, leader of the suffrage forces.

Antiratificationists have not conceded defeat, however, and will continue their efforts to divert votes from the suffrage column.

Eugene Fuller Dies

Eugene Fuller, for the past five years master mechanic at the Southern Railway Shops in this city, died yesterday morning in a Richmond Hospital. The deceased had been under treatment at the hospital for several weeks. The body was shipped to Salisbury, N. C., for burial.

Mr. Fuller is survived by several children by his first wife. His second wife died several months ago. The deceased was widely known among the railroad men of this section.

BANDITS' LOOT IS $100,000 CASH

Small Boy Only Guard Over Treasure at Chicago Station

DASHES OFF IN AUTO

Bag Dropped From Train For Pullman Payrolls, as is Done Daily—Other New York Robberies.

Chicago, Aug. 21.—Mail, said by postal inspectors here to amount to $100,000, was taken from the Illinois Central Station platform at One Hundred and Eleventh street by two automobile bandits shortly after noon yesterday.

Police and postal authorities joined in pursuit of the men.

The mail sack which postoffice officials declared contained $100,000 in currency for a bank in West Pullman was dropped from an Illinois Central train into a chute, at the other end of which a bank messenger waited. As the sack reached the end of the chute two men jumped from an automobile, grabbed the sack and drove away. The One Hundred and Eleventh Street Station is in West Pullman. The money was shipped from the postoffice here.

New York, Aug. 21.—Dr. Emil F. Hartung, of Brooklyn, coroner's physician of Kings county for 18 years and intimate friend of Mayor Hylan, was held up and robbed by two men in a house on Marion street today. The robbers knocked the physician unconscious, stole from him jewelry and cash valued at $3,000 and escaped.

Dr. Hartung's condition this after noon was reported critical.

The physician was called to the house by a man whom he had been treating at his office for several days for a slight affliction. When he bent over the bed on which the "patient" was lying, feigning serious illness, another man, masked and armed with a revolver, ordered him to put up his hands. Dr. Hartung, of powerful physique, grappled with the men, but was thrown to the floor and beaten with a hammer and chisel. Three physicians believe Dr. Hartung's skull had been fractured.

Mayor Hylan this afternoon ordered every available detective in the city put on the case and a general alarm was sent out by the police for the two men.

Later in the day three armed men held up Frank Ziries, cashier of the Hammond Typewriter Company, as he was walking in East Sixty-ninth street and robbed him of $18,000 in cash made up for the payroll. They escaped in a taxicab.

Alleged to have looted homes in the Parkville section of Brooklyn of $100,000 worth of jewelry, silverware and cash, three youths were arraigned in a Brooklyn Police Court today and held in $8,000 bail each. They were specifically charged with nine burglaries committed within 48 hours.

The police said that the youths, whose ages ranged from 16 to 18 years, have confessed to a number of burglaries and aided in recovery of a large amount of the stolen goods. In virtually all cases, the boys broke up furniture, according to the police.

Toledo, Ohio, Aug. 21.—Two men today held up the People's State Savings Bank branch in East Toledo, bound and gagged two clerks and escaped with loot estimated at $10,000. The bank workers were placed in a vault before the bandits drove away in an automobile.

MISS A. W. ZIMMERMAN DIES

Miss Alice Windsor Zimmerman, of this city, died this morning at 7:30 o'clock at the residence of her brother, Wilmer H. Zimmerman, Hope Park, Fairfax county.

She had been in declining health for some months. Miss Zimmerman was a daughter of John and Elizabeth Zimmerman, and is survived by two brothers, John R., and Wilmer H. Zimmerman.

Arrangements for the funeral will be given later.

Mr. and Mrs. William Frances leave this evening for a trip to Atlantic City.

BREST-LITOVSK NOW HELD BY POLES

City of Great Strategic Value Taken After Rapid Advance

CAUGHT IN A TRAP

Washington Warns Warsaw Against Another Invasion of Russia—Trying to Corner Reds.

Washington, Aug. 21.—The important city of Brest-Litovsk, 120 miles east of Warsaw, has been recaptured by the Polish Army in its sweeping advance, the American Commissioner at Berlin advised the State Department today.

Poland has been warned by the United States not to repeat her advance into Russian territory if her army succeeds in driving the Bolsheviki from Polish territory, it was stated officially here today.

Unless this warning is heeded, Poland may prejudice her own case in the eyes of this Government, it was learned.

The attitude of this Government is indicated in the note to Italy outlining the American policy toward the Polish-Russian situation. This note, while declaring for the integrity of Poland," concludes with a request that the Allied and associated powers declare that the true boundaries of Russia be respected and "no transgression by Poland, Finland or any other power" be permitted.

Other warnings have also been given the Poles by this Government.

London, Aug. 21.—The Polish encircling movement between Dublin and Brest-Litovsk has taken the Russians in the rear, completely shutting off the retreat of the army north of Warsaw and imprisoning them in a bottle neck" according to a News Agency dispatch from Warsaw today.

From semi-official sources it was learned that the Minsk armistice negotiations are still delayed, the Russians openly charging the Poles with purposely evading the conference in hope of a complete military victory.

Warsaw, Aug. 21.—German citizens are co-operating with the Bolsheviki everywhere in the invaded areas particularly in Pomerania, the Polish official communique reported today.

The Reds were said to be employing "terrorist" methods to subdue the anti-Bolshevik population in captured territory.

Polish troops have pushed the enemy back 80 to 100 miles from Warsaw.

"Germans are co-operating with the Bolsheviki everywhere in the invaded areas, particularly in Pomerania (northwest of Warsaw)," the statement said.

"Red troops are employing terrorist methods to subdue the civilian population of captured territory.

"Fighting is now proceeding from 80 to 100 miles northeast of Warsaw in the direction of Bjelostok.

"The Bolsheviki are closer to Lemberg, which, however, is not in danger."

Polish forces have flung another army into the drive against the Russian center, a late communique announced today.

"We have launched converging attacks against Pultusk (35 miles directly north of Warsaw)," the statement said. "The army defending Warsaw on the north has been released and is smashing at the Russian center."

Warsaw, Aug. 21.—American aviators operating with the Polish armies have been singled out for praise by President Pilsudski. The official communique today says:

"The commander-in-chief expressed gratitude to Major Cedric Fauntleroy and the Third Flying Squadron (American) for its efficient work This unit made 49 flights Monday, holding the advancing Bolsheviki by continuous bombing operations."

ADVANCE GUARD FOR CONVENTION IS HERE

Harrisonburg Scouts Pitch Tents on Lee School Grounds

RESERVATIONS FOR 700

Committees Report Everything in Shipshape Order—Big Program is Prepared For Week.

The advance guard of the invading horde of firemen and visitors expected here next week to attend the thirty-fourth annual convention of the Virginia State Firemen, arrived this morning when five members of the Harrisonburg, Va., company put in an appearance and began pitching terts to house the company on the Lee School grounds.

Captain Bashford, of Harrisonburg is in command of the firemen from that city and expressed pleasure at the site picked out for the accommodation of the Harrisonburg aggregation, which, consisting of between 100 and 125 men will arrive in Alexandria at 9 o'clock Monday evening A call has been sent out to all local firemen to welcome this visiting company at the Union station at that time. All are requested to wear uniforms.

Final reports from the various committees were read at the regular meeting, held in the Columbia engine house on South St. Asaph street last evening and all loose ends of the plans for the convention were gathered up and everything made ship shape for the formal opening Tuesday evening.

The finance committee reported that about $2,850 had been received in contributions to the expense fund for the convention but a special request has been sent out for additional contributions as the estimated expense will be in the neighborhood of $3,500.

The hotel committee reported that reservations and accommodations had been secured for practically every company signifying its intentions to attend the convention, these reservations being about 700 in all. A couple of cities have not yet been heard from the committee has a number of rooms on its list to take care of possible last minute notifications.

According to latest official advices, received in this city shortly before press time today, Alexandria is in danger of an invasion.

These advices are to the effect that King Pleasure, reinforced by his two principal aides, Prince Joy and Prince Laughter, have already marched against the city, and, making good time, are due to arrive outside the walls not later than Tuesday of next week.

And strange to say, the news of the impending invasion, does not seem to strike terror to the hearts of the residents of the city. On the contrary they are planning to hand over the keys without a struggle and join with the merry-making invaders in the greatest carnival of joy unconfined that Alexandrians have ever seen.

For King Pleasure heads the Virginia, Maryland and District of Columbia firemen, who are due to begin pouring into the city next Tuesday afternoon and to spend the balance of the week in celebrating the Thirty-fourth annual convention and tournament of the Virgiia State Firemen's Association.

Reservation requests are coming in from every section of the state and besides these, there is not a doubt in the minds of the executive heads of the convention that the prizes offered to out-of-the-state companies will also be hotly contested for.

Although Tuesday is not an official day, so far as the program is concerned, the afternoon and evening will be given over to the entertainment of the visitors who put in an appearance on that day. The reception of delegates and visiting companies is slated to occupy the afternoon and the real enjoyment of the week is slated to begin at 9.30 o'clock Tuesday evening.

When the monster electrical display that is now being put in place, flashes on when the bells of the city start ringing, the whistles start blowing and when all bets on restrictions as regards mirth and a good time are declared off—then will the big convention be officially under way.

But Tuesday night's celebration must needs be curbed by the visiting delegates as they are doomed to be routed out of the feathers "before breakfast Wednesday morning, Aug. 25. The business session coincident with each state convention is slated to start at 10 o'clock A. M. and will continue until 5 o'clock P. M. with a recess of one hour for lunch.

A welcome relief from the serious nature of any business session will come at five o'clock, at which time the Henry K. Field Bible class, of the M. E. Church South will stack up against the Baraca Bible Class of the First Baptist church. And it certainly promises to be anything but serious, to see these old "has-beens" and "never wases" get together and try to murder the horsehide pill.

A band concert is on the boards for 8.30 o'clock Wednesday evening and this will continue until the crowds are called away to see the grand parade of the Alexandria Fire Department. This parade is for the apparatus and the members of the local department only.

Thursday, August 26th. is to be the big day of the convention. It will begin at 10 o'clock A. M., when all those desiring to take the trip will be shown through the plants of the Naval Torpedo Station and the Virginia Shipbuilding corporation and will be taken to Arlington cemetery and to Washington, D. C. The sightseers will be brought back to this city at 2 o'clock, which will give them one hour to get ready for the formation of the big parade.

The parade will move promptly at 4.30 o'clock. The entire local department, all visiting companies, delegates and apparatus and hundreds of automobiles and floats will be in line of parade. Immediately following the parade, all participants in the parade will be served a buffet supper at the Armory Hall.

At 8.30 o'clock in the evening, the curtain will go up on what promises to be the greatest carnival of fun, and hilarity ever staged in the city, with the only boundary that of common sense. It will be the annual carnival and masquarade ball, topped off with a block dance in various portions of the city and men and women, old and young will take part in this orgy of mirth and laughter. Seven bands have been secured for the occasion and it is considered highly probable that all bands will be busy throughout the entire evening.

The last day of the convention, Friday, August 27, will get under way promptly at 10 o'clock A. M., when the business of winning the big cash prizes offered by the local committees will be undertaken. The reel races and other contests will feature this day and other events of interest have been prepared for the entertainment of the visitors during the evening.

Sunday School Parade

M. E. South and Baptist to Advertise Excursion Tonight

A parade of the members of the M. E. Church South Sunday School and Baraca Bible Class of the First Baptist Church will be held at seven o'clock tonight in the interest of an excursion which they will hold Monday to Marshall Hall which will be a joint affair.

The parade will be headed by the Citizens' Band and Chief of Police Goods will be chief marshal.

The parade will start from the Young People's Building and go up King street and countermarch to Royal street.

THREE IN CONTEST PASS 200 PER CENT

Second Baptist Sunday School Leads For Second Week

LABOR DAY PICNIC

Two More Sundays and Y. M. C. A. Attendance Campaign Contest Comes to a Close

Three Sunday schools went over 200 per cent in the Y. M. C. A. attendance campaign last Sunday, while four dropped below the 100 per cent mark. The total attendance for the day dropped slightly below the preceeding Sunday.

The Second Baptist school, which leads this week for the second time, has had over 200 per cent for several weeks, and no other school has approached it in weekly attendance. But last Sunday for the first time St. Paul's which lead the contest for the first two months of the campaign scored 200 per cent even with an attendance of 130.

The Methodist Protestant school also scored in the 200 class last Sunday with an attendance of 160, the actual per centage being 213. The next highest school in the weekly standing was the Trinity M. E. with 125 per cent.

The affairs for the Labor Day picnic are rapidly rounding into perfect form and the Ladies' Auxiliary of the Y. M. C. A., which will have the picnic in hand have announced the following committees:

Refreshments and complimentary luncheon, Miss Cora L. Cochran; novelties Miss Mary Lindsey and Mrs. Chas. Nicholson; Cones, Mrs. Norman Williamson, Mrs. W. H. Melchoir and Mrs. A. A. Mankin; soft drinks, Mrs. George Uhler, Mrs. E. J. Wallace, Mrs. Chas. Deahl and Mrs. Geo. Anderton.

Mrs. Harry B. Caton, president of the Ladies' Auxiliary has also promised an invitation to the city nurses to be on hand to relieve any anxious mothers of unnecessary worry.

Miss Corinne Reardon, chairman of the Entertainment Committee, is boosting the attendance at the picnic in many unique ways, and has just issued the second of her "official bulletins" from which we clip the following: "Laugh and grow fat so you can enter the fat man's race, or reduce and grow thin so you can enter the thin man's race. Start today!"

Another paragraph reads "See the wheelbarrowless wheelbarrow race, and see the three legged race for two legged people! These are only a few of the attractions at the Labor Day picnic."

And the concluding paragraph is "If you happen to belong to the winning Sunday School you may look forward to a free lunch counter, and if you don't you can buy an ice cream cone. Wherever you belong ordinarily, the place for you Labor day is at the George Mason High School. If you know how to have a good time, come and show us. If you don't come and we will show you." The "bulletin" is read in all of the Sunday schools each Sunday.

It is said that the entertainment committee is planning to award a banner to the Sunday school, outside of the winning school, that has the largest attendance at the picnic, and a very practical plan will be used to determine the largest attendance.

Following is the week's attendance summary and there are no changes of position: Second Baptist attendance 230, week's per cent 247, average per cent 188; St. Paul's attendance 130, week's per cent 200, average per cent 181; Methodist Protestant attendance 160, week's per cent 213, average per cent 153; First Baptist attendance 352, week's per cent 100, average per cent 129; Trinity M. E. attendance 95, week's per cent 125, average per cent 127; M. E. South attendance 282, week's per cent 90, average per cent 114; Second Presbyterian attendance 126, week's per cent 79, average per cent 102; Grace Church attendance 87, week's per cent 101; Christ Church attendance 89, week's per cent 59, average per cent 93.

A NEW ISSUE

Senator Harding has at last discovered a campaign issue upon which he thinks he can afford to take a firm and vigorous stand without risk of splitting his army. Republican voters do not know what is his policy toward the League of Nations, because it would be inimical to his chances to tell them; some of them are for an emasculated League and others against any League at all, and he must stand in with both elements But on the new issue he can safely speak right out; and he did so in addressing some lumber manufacturers who held a picnic around his front porch.

Harding is unreservedly in favor of forest conservation. The United States must have lumber, and the only way to get it is to take care of the trees. Therefore "we must begin to think of timber crops as we do other cultivation in this land of ours, and we must put an end to that carelessness and neglect to which we trace our destructive forest fires."

This ringing declaration will throw consternation into the ranks of the Democrats, who are notoriforests. It is true that there is no plank in the San Francisco platform usly careless and neglectful of the indorsing the destruction of our timber supply and favoring the spread of forest fires; but the Democrats were probably a little timid about such a delicate issue, and purposely sidestepped it. However, Senator Harding has smoked them out, and the agents of the Wilson Administration who have been setting fire to the forests will have to defend their policy on the stump.

All Republicans are in favor of conserving the timber supply and Senator Harding is their fearless spokesman. Can the Democrats justify their own attitude on this issue before the country? Is it an issue? Or is the solemn assertion of principles which nobody can be found to dispute just another example of Hardingese bunk?

ADVOCATES PAYING POLL TAXES IN ORDER TO VOTE

(Communicated)

Mr. Editor:

About two years ago the Brotherhood of Locomotive Engineers appointed me a committee to ascertain the number of railroad men in this city and county that were registered and could vote. I was very much surprised to learn the small number of our men that had paid their tax and registered and that some of them had not registered after paying their tax. It is hard to believe that so many of our men have so little interest in their families, their homes, and country.

I also learned that some of our greatest street corner politicians had not paid their tax, had no vote, and were no tas good a citizen as poor old "Coleman" at whom they would often laugh.

There is too little active interest in politics in this section and we should each of us put our shoulder to the wheel and help to wake our sleepy brother to his duties of citizership. One of the first duties of good American citizenship is to vote and if the people who spend so much of their time blaming those who are in office for not doing the right thing, would pay their poll tax and vote and use a little effort on their friends to do the same thing, they might find politics more to their fancy.

The percentage of voters among the railroad men has increased very largely of late and I am pleased to see increased efforts in every direction to get our men to the pools, I certainly hope that all classes of Americans will wake up and get on the job for they are needed as never before, never mind whether you are a democrat or republican, vote for the man that you think is best suited for the position in question, both parties make mistakes and neither party has the best man all the time.

Now Mr. Editor, some of our people, as you know, will not listen to any argument or reason, and for them I advocate some strong, persuasive force, our legislators are looking for some thing to tax to raise money needed to replace the tax that has been thrown away in the past, why not put a good heavy tax on the non voter, it would hit the right man, and would help some, and would be just as legal as a dry wet town or poor gas with higher rates.

The coming elections will be the most important ever held and every man that can vote, should vote regardless of his party affiliations, and then stand by the winner to the end.

O. P. Angelo, Committee.

Your Reputation For Meeting Your Obligations Can Be Easily Ascertained By Every Merchant

BUY WHAT YOU NEED

Not necessarily what you want. There is a difference in supplying your requirements and in pleasing your fancy. Keep within your income even if necessary to limit your purchases to only those things that are necessities.

Save Your Own Money

Don't try to save money at the expense of merchants. A bank account is a good thing to have but don't let it consist of dollars that should be used in paying debts.

Happy and Contented

—is the man who uses his credit right. It is as great a pleasure to him to keep his accounts paid as it is for him to know that his word is good and that upon his promise to pay, merchants are willing to send their goods to his home.

Keep Your Credit Good It Will Be Easy

—if you make up your mind that you will pay promptly.

Those Who Must Ask for Credit

Should make good the faith shown in them by merchants.

If Your Credit is Bad—Make it Good

Start cleaning up your old bills, is the right way to do it.

If You Don't Pay Your Bills With One Merchant

All other merchants can know of it very easily

Your Credit Can be Good if You Wish

Buy only what you can pay for and meet your bills when due is the way to get credit.

Prompt Pay! Slow Pay! Or No Good!

Which ever class that you are in, you are there by reason of desiring to be.

Is Your Word Good When You Want Credit

Can you ask for goods to be charged and be accommodated?

If Not—Why Not?

Ask yourself the reason. You know it is because of failure to make good in the past. If you want this changed, start paying up the old and you'll soon find that merchants will consider yourself worthy of further credit.

Pay All Bills Promptly

Don't think you can keep your credit good by paying part of your bill and letting the rest go. You'll find that you will be measured more by the bills you do not pay rather than the ones that you do take care of on time.

Pay Bills Promptly

Don't permit accounts to run month after month. Merchants who extend you credit expect prompt settlement. You do them an injustice and make it harder for yourself by not meeting your bills on time each month when due.

Be Sure to Make Good

Don't shatter the faith which a merchant shows in you when he permits you to have his goods without first paying for same. Pay promptly and his faith will increase.

Why Merchants Extend Credit to You

It is in confidence that you will pay your account that causes a merchant to be willing to send his goods to your home upon your mere promise to pay. If you meet your obligations promptly, further credit will be extended as desired, and you will be accommodated in every way.

Why Merchants Withdraw Credit From You

If a merchant refuses to grant your request for credit, you can be sure it is because you have not dealt squarely with him in the past, or that he has heard from other sources that you do not pay your accounts promptly when due, and thus he does not dare to trust you.

Pay your bills when due. It will strengthen your credit. Help merchants pay their bills when due and is only what you promised to do when the chedit was extended to you.

MONEY

—is what is used to purchase with when goods are to be paid for before delivery to the customer.

Do You Have To Pay Cash?

The First of the Month

—will soon be here. You should start planning now to pay your bills.

You Have a Regular Pay

—day and so should be regular in paying your bills each month as they are due.

HONOR

—is what is used to purchase with when goods are not to be paid for before being delivered.

Can you buy upon honor?

Credit is the easiest thing in the world to get. Just keep your bills paid and you'll never lose it. But neglect them and soon it will be a thing of the past and is hard to regain when lost.

Don't Be a 'Dead Beat'

You know what it means when a person is put in the class of the "dead-beat." You might better do with less, be more economical and saving, thus paying your way as you go, rather than to have the reputation of beating all those who trust you out of all that you can get them to let you have without paying the cash.

Play Square

with yourself, with merchants and with the world in general. Pay for what you get and at the time promised.

BE HONORABLE

Your honor is at stake when you accept goods on credit. The only honorable way is to be prompt in paying for some.

Don't Add Expense

Merchants, as a whole, are doing business on a low margin of profit. When you refuse to pay your bills, you perhaps cause them to pay interest upon borrowed money. If you force them to collect what you owe, you make them pay a cost to collect which may be more than the prof its upon your purchase.

Keep Your Credit Good at All Times--If Unforseen Circumstances Compel You to Delay Payments on Accounts Due, Don't Hesitate to Tell Those Whom You Owe That You Need More Time, As By So Doing Your Reputation for Prompt Paying Will Not Be Injured.

Are You Satisfied With Your Rented House?

Has it all the conveniences of a home?

Do you know that you can stay as long as you like at the present rental?

Has it ever occurred to you that SOMEWHERE there is a REAL HOME you would love to own, where you and your family can live in security?

We have such home for sale and if you will only advise with us, we will gladly help you own one of them.

Just let us know what amount you can pay down and how much rent you pay each month and we will find you a home to suit you.

See us today or telephone and we will call and talk it over with you.

F. C. Goodnow Co.

719 King Street Phone 926.

There was a time, a few months ago, when houses for rent or for sale were conspicuous by their absence. When families were leaving the city for other places, owing to the fact that they were unable to beg, borrow or rent a place in which to live.

However, this condition does not exist in such great measure today. Houses are more plentiful now than at any time during the past few years but this condition may not remain.

Real Estate dealers throughout the city are continually asking the question—Why should a man pay a big rental for a house, when for a small initial cash payment, he can buy a piece of property and pay for it on the same conditions as paying rent for a home?

In an effort to further the purchasing of property, the various real estate dealers of the city have banded together and every Saturday they are planning to run a number of specially good bargains in real estate and it is to the best advantage of any prospective property owner in the city to read these advertisements, then make a personal visit to the offices or office and then visit the property and find out the value of the house or property advertised.

Don't fail to watch for this page of advertisements in every Saturday edition of the Gazette until further notice.

NOTICE

City Taxes 1920

Owing to the unavoidable delay in preparing the bills the time has been extended in which all persons who pay their taxes in full for the year 1920 shall receive a discount of five (5) per cent, if paid prior to September 1, 1920.

I would urge tax payers not to delay payment of their bills to the very last days, as Council has allowed ample time, and no discount will be allowed after August 31, 1920.

Bring a list to make sure you get bills for all your property as I will not be responsible or allow the discount after the time fixed by City Council.

ANOTHER ALEXANDRIA CASE

It Proves That There's A Way Out For Many Suffering Alexandria Folks.

Just another report of a case in Alexandria. Another typical case. Kidney ailments relieved in Alexandria with Doan's Kidney Pills.

N. W. Simpson, 1513 King street, Alexandria, says: "It was a good many years ago that I first had kidney trouble and I got so I could hardly get out of bed. The pain and misery I went through were terrible. My back was lame and so sore I could hardly touch it. It hurt me to bend over and I had terrible headaches. Some days I was so nervous I would shake like a leaf. The kidney secretions were in bad shape. Sometimes they were scanty and then I would have swelling of my feet. My feet would get twice their natural size and I couldn't get on my shoes. I was all worn out and didn't have the ambition to work. A friend told me about Doan's Kidney Pills and I got two boxes at Ashton's Drug Store and took them according to directions. They helped me so much I got three more boxes of Doan's and they entirely cured me. Since then I have worked every day and have been in fine health."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Simpson had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

VIRGINIA NEWS

Fredericksburg—Dr. DuVal Hicks, of this city, has launched a cabin cruiser which he designed and built solely by himself in the Rappahannock River. Dr. Hicks built this boat in the back yard of his residence during spare time in the evenings. The cabin is fitted with windows and is large enough to furnish sleeping quarters for four persons. The boat is 20 feet in length Dr. Hicks expects to take a trip from this city to Chesapeake Bay and return.

Danville—Damage estimated at thousands of dollars has been done by the torrential rain here during the past 24 hours. The city gas plant is flooded. Lightning struck the power house of a large cotton mill and put it out of commission. The city was in darkness for some hours last night. Local headquarters of the Southern reported heavy damage to the road bed. Train schedules are upset.

Norfolk—J. B. Brack, of Manson, N. C., a flagman on a lumber train of the Seaboard Air Line, was instantly killed Tuesday night when the last five cars of a lumber train plunged through a trestle over the Meherrin River, near Boykins, Va. Logs rolling off the train tore down the trestle for a distance of 225 feet.

ESSEX MOTOR CARS

ESSEX San Francisco to New York 3347 Miles 4 Days 14 Hours 43 Minutes

Lowers Transcontinental Record by 12 Hours 48 Min. Another Essex Going From New York to San Francisco Broke the Record For That Direction by 22 Hours 13 Min., Completing the Trip In 4 Days 19 Hours 17 Minutes

So Essex Holds the Transcontinental Record Both Ways

Two Essex touring cars, carrying U. S. Mail, each one making the entire trip between San Francisco and New York, have set the time records for their respective directions across the American continent.

And thus comes to Essex another distinction for reliability and endurance.

Except for one airplane record, these two Essex cars have crossed the continent in less time than was ever recorded by any traveling machine. The fastest time possible between San Francisco and New York by train is slightly less than the time taken by the light weight economical Essex. But in the case of the railroad train, many different locomotives are used, each pulling the train only a few hundred miles.

From Cheyenne to Omaha the route taken by the Essex was 43 miles longer than the 550-mile route of the famous Overland Limited, yet the Essex time was but one hour longer than the express train time.

The World's Most Coveted Records

From the days of the Prairie Schooner, the Pony Express and the completion of the railroads men have sought to establish new transcontinental time records between the Atlantic and Pacific oceans.

It has called for the highest development of skill and courage. And it has, as in the case of the motor car, blazed the way to mechanical reliability.

The purpose of this Essex test was to prove its reliability. In the period of 114 hours was crowded more strains, more calls for endurance and mechanical strength than the average owner demands in a life time.

Every requirement of motor car performance was met by these two cars. And the fact that they so consistently met their tasks proves Essex uniformity.

The speeds at which they traveled were not so unusual, for another Essex stock car had on a speedway track gone 3,037 miles in 50 hours. But in the transcontinental runs, some 350 cities and towns had to be crossed. Crowded traffic imposed its obstacles to consistent going. Mountain ranges in the East and West with grades such as the average driver never encounters, called for the utmost of hill climbing ability.

Few will ever motor all the way across America and therefore cannot know the extreme varieties of conditions encountered. But let each reader apply to his consideration of what Essex has done, every experience he has ever met in his own driving. It will give some appreciation of Essex reliability.

Light Weight Now Establishes Reliability

How gradual have men come to a realization that a light-weight car can also offer reliance and performance.

Essex has led the way, for that was its purpose from the very first. Economy is of growing importance. Men want to save in fuel and in first costs. But they want no sacrifice in performance and they demand unquestioned reliability.

Essex offered itself to the public without claim. Now more than 40,000 owners know and praise its worth.

Owner cars that had been driven upwards of 25,000 miles were used in the recent nation-wide Essex week to establish reliability, economy, speed and hill climbing records.

To Essex owners the winning of the transcontinental records is not a surprise. But those who do not know Essex performance and reliability must regard that these two trips across the continent are as important in marking mechanical advancement as any similar event in the history of the motor car.
